Good Morning Board Members:

As I understand it the Board has directed me to suggest an addendum to the Conflict of Interest Policy that would reflect the intent of the Board with respect to Ms. Balazovic's efforts for Assessing and work performed in the Election Department by someone other than Ms. Vance.

I appreciate the suggestions by Board Members and there is more than one way to solve the issue. **I prefer to go with the least complicated and suggest the Board delete the first sentence of III. D. (No public servant shall engage in employment with any other agency or department of the Township.)**

Ms. Vance:

Thank you for your note. I was under the impression that Board knew of Ms. Balazovic's assistance with Assessing Department. For sure it does now. It's not unusual for smaller Townships to ask Board members to wear multiple hats; **I don't see a conflict of interest.** Future Boards will be on their own with respect to whether they wish to continue the practice.

to Janet, Mike, treasurer@tuscaroratownship.com, Robert, me

**Ms. Vance,**

**I will use your e-mail as the foundation to answer the outstanding issues. Thank you for incorporating Mr. Kramer's question into your e-mail.**

**Situation - an elected official:**

- interviews candidates for a job
- recommends one candidate to the full board, recommends a salary for that candidate
- recommends an additional amount be kept in the budget for specific work in the candidate's department
- votes to hire the candidate

NOW...

- elected official (treasurer) works as a township employee under the supervision of the this selected candidate
- no record of this elected official being hired by the township board, or having a job description, wage or salary set by the board... just a flat fee (also not set by the board)
- no description in the budget line for this flat fee

Question:

- Does the AGO No. 6618 apply in this case?

Frank Kelly (1989)

"It is my opinion, therefore, that a person serving as a township trustee may not simultaneously serve as a township assessor of the same township."

**My understanding is the Ms. Balazovic is performing office clerk type duties in the Assessing Department. Since she is not Assessor she is not holding a second "Public Office." Therefore, this AG opinion can be distinguished from the facts here.**

- Law based opinion on why this is not a conflict of interest, or incompatible job

"The board has the philosophy 'it's about the position, not the person', so..."

-Who evaluates the elected official's work as an employee?

As I understand it there is not an evaluation process in place. It may not be necessary if the job responsibilities are narrow and the function is ministerial.

-How can an employee (hired by the board) be asked to evaluate his employer working for him in a subordinate position?

This is not occurring.

-As Trustee Kramer has asked several times, how can we vote to pay the bills if there is no record of board approval for this position or salary?

**The Board has approved pay for Ms. Balazovic for at least seven years and the budget reflects a line item for pay in the Assessor's office. The Michigan Court of Appeals has held that in a similar situation these facts give rise to a conclusion that notice was sufficient to support compensation. (Burton Township v. Speck, 1 Mich App 339, 1965). Further, the practice of paying Ms. Balazovic is further supported because a Michigan Statute permit reasonable compensation by the Township Board for services rendered. (MCL 41.96).**

-If the board wanted to legally hire the elected official to work as an employee, would the board have to pass a resolution with salary, job description, length of employment, etc.?

**Yes, I agree you cite a good practice. However, It's not a legal prerequisite to pay an employee. The Board should consider this type of policy going forward.**

Thank you,  
Rob

Webb made a motion to strike the first sentence in III D supported by Ridley Supervisor Ridley asked if there was any more discussion. Trustee Kramer said that it (the policy) should not be changed. Webb said she made the motion that we strike it per Rob's direction. We asked him to give us an opinion and he did. It's conflicting with what I'm doing in my office. Laura (Office Assistant) is working elections. Kramer offered more alternatives and Webb stated that this was the purpose of asking Rob. Kramer stated he didn't agree with Rob. Webb: "you don't agree with the Lawyers"? Kramer: "No". Ridley said we were going to have to fix this one way or the other, restated the motion and support and we needed to have a roll call.

Motion by Webb to strike the first sentence in III D supported by Ridley Kramer – No, Webb – yes, Ridley – yes, Vance – No, Balazovic abstain. Motion failed.

Ridley said now how are we going to fix this. Obviously it impacts Bobbi's and we'll have that in a separate discussion but this is to get your (Webb) election...

Bobbi interjected that Teri was also her Deputy Treasurer so she would have to choose and obviously it would be the Assessing Assistant I and I will have to search for a new Deputy.

Janet said to take out public servants and put down elected officials and department heads that way you can have your Deputy Treasurer and election workers and everybody's good. Bobbi said "no everybody not good". Janet said well we'll have that discussion at a later time.

Motion by Kramer supported by Vance to change III D on page five to state "no elected official, or department head.

Kramer – yes, Webb – yes, Ridley – yes, Vance – yes, Balazovic – abstain.

**Cash Management Policy**

Kramer motioned to adopt the policy as written, supported by Vance. All in favor, motion carried.
